# 2U Sliding Patch Panel

## Overview

2U sliding patch panel can be applied in branch connection of optical cable termination, 19" standard structure, sliding design, rack mounted, suitable for FC, SC, ST, LC adaptors.

## Features

✧ Suitable for the protective connection between cables and pigtails

✧ Suitable for the connection between optical cables and optical communication device

✧ Small volume, unique structure, easy installation, for indoor use

✧ Easy to operate and convenient maintenance

✧ Excellent mechanic performance, solid and durable

## Applications

✧ Applicable in the straight through or branch connection of indoor optical cable

✧ Available for the distribution and terminal connection of various kinds of optical fiber system

✧ Fit for wall mounted, especially for mini-network terminal distribution

✧ Rack mount, suitable for simplex and duplex different adapter

## Parameter

| | |
|---|---|
| Capacity | 48 cores |
| Suitable Adapter type | SC/FC/LC/ST |
| Material | Metal |
| Dimension | 430X250X89mm |
| Weight | 4.5kg |
