

Fiber Terminal Box ATT-FTB-02

► Overview

ATT-FTB-02 is a common terminal product in FTTH solutions. Easy Operation, fasten the cable safely. It has many functions, insert a variety cables by so many ways, and firmly fixed optical fiber and optical cable, pull off force exceed 50N, will not cause damage to the fiber, protect the fiber reduce the risk of potential damage, complete the access and port output of the fiber, also no extra insertion loss.

► Features

- ✧ ABS material, anti-collision, flame retardant, resistance to impact
- ✧ Plug fiber without having to open the shell, easily accessible fiber operation
- ✧ Convenient press-pull button lock design greatly reduced installation strength
- ✧ White color, graceful style and good adaptability to environment
- ✧ Fit for all kinds of fiber optic cable installation operation

► Applications

- ✧ Widely used in FTTH access networks
- ✧ Telecommunication Network
- ✧ CATV Networks
- ✧ Data Communication Network

► Parameter

Item	ATT-ATB-02
Max Capacity of Splice	4
Cable Diameter	Ø3mm
Dimension	80*100*23mm
Material	Plastic
Installation	Wall mounted

Note: Only ATT-ATB-02 box, pigtails & adaptors are not included.
